IF DIRECTIONS ARE FOLLOWED. CALL FOR A CIRCULAR DE-SCRIBING ALL SYMPTOMS.

SYMPTOMS:

The symptoms of Catarria, as they generally appear, are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the changes of temperature. In this condition, the ness may be dry, or a slight discharge, this and aerid, a terrards becoming thirs and adhosive. As the discase becomes chronic the discharges are increased in quantity and changed in quality; they are now thick and heavy and are hawsed or coughed off. The accretion are offentive, containing a back treath; the voter is thick and massi; the eyes are weak; the sense of the smed in issuemed or destroyed; deafroms frequer thy takes place. Another common and important symptom of Catarria, that the person is chiliped to clear his threat in the menning of a thick or allow mucos, which has fallen down from the head duttion the night. When this takes place the person may be sure that his disease is on lits way to son may be sure that his disease is on its way the lungs, and should less no time in according The close ere but for of the many Cutersh emptor

REBEL NEWS.

General Kilpatrick's Baitles.-- He has a Fight daily with Wheeler.

From the Savannah Republican, Dec army, and the boatful nupatrick has deal whipped by him as often as he has fingers and toes. Besides fighting wherever he could find the enemy, roads have been obstructed, cattle and negroes driven off, the people forewarned, provisions that could not be moved destroyed, and everything the done to embarase and distract the else done to embarass and distract the raiders. In this way Wheeler has rendered most vital service to the causa for ft will, he will find a fee ready and able to cope with his hired and brutal

On Sunday last, the 4th inst., a battle was fought which exceeds in magnitude any that has characterized the campaign, and is therefore worthy of some particular mention. The Fourteenth Yankes corps, united with Kilpstrick's entire cavalry rce, made an attack on Wheeler, and a the moment of the smealt Wester's line was very much extended, for the purpose of foraging; but he speedily brought his forces together and received the attack of the enemy with a vigor which made him stagger. Beveral times were they driven back by our men in counter charges and

sometimes from behind bresst works.

Finally, Wheeler, finding himself surrounded by a greatly superior force, quietly and in good order-retired and left the field to the enemy. The losses of the lat-ter were very heavy and the blow cannot have failed greatly to cripple them. We captured a number of prisoners, one a colptured a cumber of prisoners, one a col-nel, who was taken in a hand to hand We also lost severely in officers and men, but in no proportion with the enemy. Among our killed was Colonal Graves, who, on the occasion, was acting of the present whereabouts of Sherman

t might gratify curiosity, but would do no good to speak. From his movements, we dge that he himself is not so sure of his ngitude and latitude. Suffice it to say hat he has many days hard march before tim ere here will be able to respond visibly to the rockets of his friends on the coast, o the rockets of his friends with a good prospect of having to fight his way through the entire distance.

[From the Augusta Constitutionalist, Dec. 6.] Owing to the state of the atmosphere, the stonation of cannon was distinctly heard on Sunday morning in the direction of Waynesbore'. We have it in our power to present a brief, but authentic, explanation those warlike resonances,

Pursuant to instructions, General Wheel er concentrated his cavalry force, and, at midnight on Saturday, fell upon the enemy's rear with a vim. The Yankee horsemen were precipitately driven back upon their infantry support. After harassing the infantry for some time, Wheeler retired to his former position.

At daylight on Sunday morning, Kilpatrick's cavalry, assisted by the 14th Corps, advanced upon construction.

advanced upon our cavalry. We were sta-tioned behind temporary breastworks and prepared to meet the onset. Every charge of the enemy was repulsed by fire and counter charges. Finally, despairing to carry our works by storm, not withstanding their superior numbers, the Yankees en-veloped our flanks and made a retreat necessary. This retirement was accomplished in excellent order. Having relieved their ear of a terrible incubes, the Yankees bundened any further demonstration and ntinued their march.

Uur loss was between seventy and eighty ner. The enemy's loss is reported off cially as "very heavy." Among the cas-ualties on our side, we are pained to announce the severe wounding of Colonel Graves, seding brigadier. One of the Graves, setting brigadier. Yankee officers was captured in a hand-to-hand encounter, and Kilpatrick himself

Our officers and men behaved with the most distinguished gallantry, and, consider-ing the disparity of force, achieved most brilliant results in retarding the march of the hostile columns and filing them with a well-grounded apprehension. At last accounts the indefstigable Wheeler had collected his men and was again hacking away at the rear guard.
